WZÓR PODLEGA OCHRONIE O NR 008322721-0001 EUIPO

The design of a passive cooling stand that raises the screen relative to the eye.

One of its most important features is the ability to pack into a small bag or backpack and take it with you when traveling, even by plane. Low weight, easy to use and pleasant appearance are the basic features of this product, and there are more.

A product with an EUIPO registered design.

Series of postproduction effects including background 3D creating and editing as well as full CGI scenes with reflections in buildings.

Client: SABB - Saudi Arab British Bank

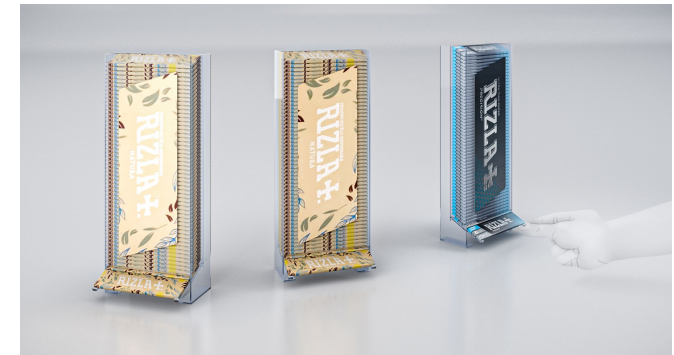

Quick Mast Eco

As a long term designers of POS Lab International, we managed to design hundreds of beautiful product of POS materials. Other than that, we prepared 3D animations explaining the advantages of products and how they work. These films support the marketing of the company and individual products.

Scope of work: product design, 3D still visualisations for wide range of international clients, 3D animated sequences, lightning, shaders, rendering, postproduction, communication.

Client: POS Lab International

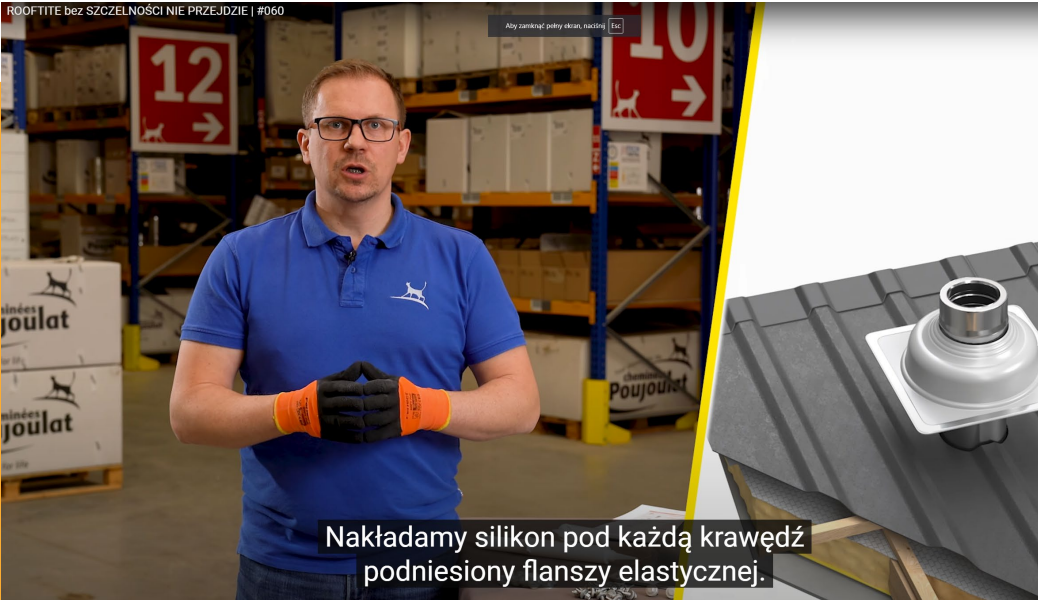

We created an advertising spot for PGE and a series of descriptions of previously prepared installations relating to the power plant under construction.

Scope of work: character creation, 2D animations, editing.

Client: PGE

Muzeum Narodowe w Gdańsku to 62 tysiące eksponatów.

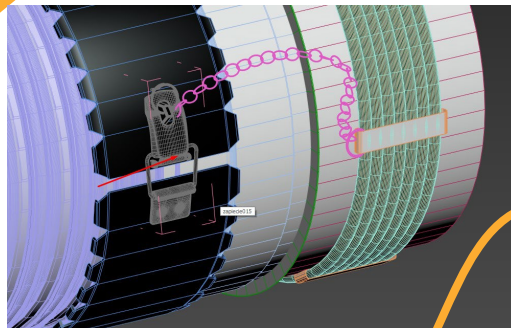

250°C
